SERVICE CLASSIFICATION No. 6G - Continued

Heating Value Adjustment:

Volumes of gas registered at the customer's meter, in Ccf, will be converted to therms, as explained on General Information Leaf No. 38.

Term:

Unless otherwise reflected in an individually negotiated service agreement under Rate Schedule 3, service under this Service Classification shall be for a period of one year from the date of commencement of service and thereafter until terminated by either party. Terminable by either party after one year from the commencement of service on six months' written notice to the other, or terminable in the manner provided by law and the rules and regulations set forth in the Company's Rate Schedule, on file with the Public Service Commission.

Special Provisions:

a. Gas Service will be supplied under this Service Classification only when and to the extent that the Company has capacity available at the time of application sufficient for the service requested and the Company, after supplying consumers taking continuous service, will have sufficient gas available to supply the applicant.

The Company reserves the right to accept only such applications under this Service Classification as will, in the Company's sole judgment, permit it to dispose of the gas and/or system capacity it has available for sale without requiring an unreasonable or uneconomic extension of facilities. If the required extension of facilities is uneconomic, the Customer may make such contribution as is needed to make it economic for the Company.
