Issued in compliance with Order in Case 11-E-0408 dated 06/15/2012.

SERVICE CLASSIFICATION NO. 2 (Continued)

MINIMUM MONTHLY CHARGE:

The sum of the customer charge, the demand charge, and the reactive power demand charge, if applicable, plus any applicable metering and/or billing and payment processing charges.

DETERMINATION OF DEMAND:

The monthly billing demand in kW shall be either the greatest connected load or the greatest 15-minute integrated demand, determined as follows:

Billing demands may be on a connected load basis when a demand meter would not reduce the billing demand, the installation is temporary, or the device has a large instantaneous or highly fluctuating demand.

Billing shall be on a demand meter basis in all other cases. The billing demand for the billing months of October through May inclusive shall not be less than 70% of the highest metered demand for the preceding billing months of June through September inclusive.

Customers who are not expected to use at least 5 kW will not normally have a demand meter installed. However, should such customer use 800 kWh or more in each of two consecutive months, the Company will install a suitable demand meter.

TERMS OF PAYMENT:

Bills are due when rendered, subject to a late payment charge in accordance with provisions of General Information Section No. 7.6. If bill is not paid, service may be discontinued in accordance with provisions of General Information Section Nos. 11.1 and 11.2.

TERM:

Service is terminable at any time after one year unless a longer period is required under a line extension agreement. The Company reserves the right to require a longer initial term when special construction is required to furnish the service.
