**SERVICE CLASSIFICATION NO. 12 - Continued**

**DUAL-FUEL SALES SERVICE (DFSS) - Continued**

**Rates - Continued**

**(A) Interruptible Base Rate (Rate 1) - Continued**

**(1) Posted Rates – Continued**

Separate rates shall be established for (1) Residential Service for Customers whose equivalent firm Service Classification ("SC") would be SC 1 or SC 3, (2) Non-Residential Service for Customers whose equivalent firm SC would be SC 2, and (3) Non-Residential PBT Exempt Service for Customers who are fully exempt from the Petroleum Business Tax on their oil purchases for a reason other than residential usage and whose equivalent firm SC could be either SC 1, 2, or 3. These rates shall be posted on a monthly basis, on the Statement of Rate for Service Classification No. 12. The rates shall include components reflecting the commodity cost of gas (inclusive of volumetric pipeline charges and surcharges), a contribution to the Company's pipeline fixed charges, and a local distribution (delivery) charge. The Company may increase or decrease the rate level(s), at its sole discretion, at any time during the month upon notice to the Customer given in accordance with the Company's Sales and Transportation Operating Procedures.

If the Company has charged under this Service Classification, during the annual period defined below, an amount for delivery components (i.e., the amounts the customer would have been charged as an interruptible transportation customer) greater than the Company would have charged a Service Classification No. 9 Rate (A) Customer (as would have been applicable to the customer's use of service, exclusive of the air-conditioning rate, Riders D, G and I rates and other Riders and reductions to the otherwise applicable rates), the Company will perform a reconciliation. The reconciliation shall be performed after April 30 of each year for those customers that have taken service under this Service Classification for all of the months during the twelve-month period ending April 30. The reconciliation will be solely based upon a comparison of what the customer was charged or would have been charged as an interruptible transportation customer, irrespective of the interruptible service provided (i.e., interruptible sales or transportation service), to what the customer would have been charged as a firm transportation customer, except that in any month the customer will be charged at least the monthly minimum charge. The reconciliation shall exclude any Charges for Unauthorized Use, including other charges and surcharges to the base rates set forth in this Service Classification related to a Customer's failure to comply with any of the provisions of this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule. Any overcharged amount shall be reconciled by means of a credit applied to the Customer's July monthly bill. Under no circumstances shall this relieve Customers of their reserve requirement obligations as explained under Miscellaneous Provision, Section (D) of this Service Classification.

**(2) Negotiated Rates:**

The Company may, at its sole discretion, individually negotiate a separate rate with a Customer who can demonstrate, to the Company's satisfaction, that it has energy alternatives at a cost below or rate requirements that differ from the applicable posted rates.
