SERVICE CLASSIFICATION NO. 2 (Cont'd)

GENERAL SERVICE (Cont'd)

SPECIAL PROVISIONS

The numbering of the paragraphs hereunder begins with the above service classification number.

- 2.1 Secondary Service with Primary Metering - (The availability of this provision is limited to existing customers at the locations served as of August 10, 2000). When a customer takes service at a secondary distribution voltage, but the Company elects to meter service at the primary distribution voltage, energy charges will be billed in accordance with the rate for primary service. This provision will not apply, however, when the customer installs primary circuits because of the nature of his installation and the Company provides necessary transformers on said circuits and meters the service at the primary distribution voltage.
- 2.2 Primary Service with Secondary Metering - (The availability of this provision is limited to existing customers at the locations served as of August 10, 2000). When a customer takes service at a primary distribution voltage, but the Company elects to meter service at the secondary distribution voltage, energy charges will be billed in accordance with the rate for secondary service.
- 2.3 Separately Metered Space Heating

This provision will be closed to new customers as of November 1, 2001. Existing customers taking service under this provision will be switched to a corresponding standard rate under this Service Classification coincident with their next billing occurring on or after November 1, 2001.

When a customer takes general service under this classification and:

- (1) permanently installed electric comfort heating equipment, with rated capacity of not less than five kilowatts, is the sole source of comfort heating in the segregated space in which it is installed, and
- (2) this electrically heated space is normally heated continuously throughout the heating season, then the customer may elect separate metering of the energy used in the segregated space for the following purposes:

comfort heating	water heating
air conditioning	cooking, if the sole means of cooking
