### 3.3 Service Offerings

#### 3.3.1 Prepaid Calling Service

##### 33.1A Prepaid Calling Card Service

This service permits use of Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Cards are available at a variety of face values. Company Prepaid Calling Card service is accessed using the Company local access or toll-free number printed on the card. The Customer is prompted by an automated voice response system to enter his or her Authorization Code, and then to enter the terminating telephone number.

##### 33.1B Prepaid Pin-less Calling Service

This service permits use of Prepaid Pin-less Calling Service for placing long distance calls without dialing an Authorization code. Customers may subscribe Company Prepaid Pin-less Calling Service at designated agents. During the registration, the Customer's phone number is bundled to an Authorization Code generated automatically by the Company's system. The agreed amount / Telecom Unit is added to the Customer's Pin-less Calling Service account. Company Prepaid Pin-less Calling Service is accessed by using the Company local access or toll-free number.

3.3.2 The Company's processor tracks the call duration to determine the number of Telecom Units consumed. The total consumed Telecom Units and applicable taxes and surcharges for each call are deducted from the remaining Telecom Unit balance on the Customer's Company Prepaid Card or Pin-less Calling Service account.

3.3.3 Company Prepaid Calling Card Service and Prepaid Pin-less Calling Service are available twenty-four hours a day, seven days a week. The local access numbers & toll free numbers may subject to technical limitations.
