### SERVICE CLASSIFICATION NO. 1 (Continued)

#### A. Closed Facility

A facility offering that is available only to customers having installations with existing applications and which the Company will continue to provide full maintenance and in-kind replacement. Closed facilities are not available to new applicants or for new installations or as a replacement for existing installations utilizing other facilities

#### B. Obsolete Facility

A facility offering that is no longer available for new applicants, new installations or in-kind replacement and which the Company will not provide continued maintenance service. Customers receiving service utilizing obsolete facilities are to provide the Company an authorization specifying a replacement plan designating facilities considered standard at the time or identify an alternate resolution consistent with an applicable service classification. Reference, General Information, Section V, Special Provisions, Facility/Equipment Obsolescence for further application definition.

#### **RATE:**

The charges presented below are applicable to all customers served by this service classification.

#### A. Volumetric Charges

##### 1. Volumetric Energy Consumption

The cumulative energy consumed by the individual lamp/luminaire is determined by the aggregation of each luminaires' corresponding type and size of lamp as identified below in Table 1, Monthly Energy Consumption, to yield kWh. Reference General Information, Section IV.
