Revision: 5  
Superseding Revision: 4

## GENERAL RULES

### 24. Service Classification Riders (Available on Request) – Continued

#### RIDER R - Net Metering for Customer-Generators - Continued

##### F. Remote Net Metering and Community Distributed Generation

###### 1. Remote Net Metering

Customers who take service under this Rider may apply for Remote Net Metering if: (a) they are non-residential Customers with farm waste, solar, wind, micro-hydroelectric, or fuel cell electric generating equipment; or (b) they are residential Customers with Farm Operations that have farm waste, wind, solar, micro-hydroelectric, or fuel cell electric generating equipment.

Remote Net Metering is subject to the following conditions:

- a. The account for electric service at the premises where the electric generating equipment is located shall be designated the “RNM Host Account.” The account(s) to which net energy is applied shall be designated the “RNM Satellite Account(s).” All RNM Satellite Accounts must be located in the same NYISO zone as the Host Account and within the Company’s service territory. An RNM Satellite Account shall have only one RNM Host Account, and such RNM Satellite Account shall not be a net metered customer-generator nor take service under SC 11 nor be billed under Standby Service rates. If a customer is served under Special Provision 8 of the PASNY Rate Schedule, the Customer may designate an RNM Satellite Account only for requirements in excess of that served under the PASNY Rate Schedule.
- b. The RNM Host Account and RNM Satellite Account(s) shall be established in the same Customer name and located on property owned or leased by the Customer. The Company reserves the right to require the Customer to prove that the properties served by the RNM Host Account and all RNM Satellite Accounts are owned or leased by the same Customer.
- c. The Customer shall designate in its initial application for remote net metered service the RNM Host Account and RNM Satellite Account(s) that will be remote net metered. The Customer may designate additional RNM Satellite Accounts or remove existing RNM Satellite Accounts once per year, with the new designations to take effect commencing with the January bill issued on the RNM Host Account. The Customer shall designate whether all or a portion of any net energy credit remaining after being applied to the RNM Host Account's bill shall be applied to the RNM Satellite Account(s).
