6. Hydrant Use Permits

A Hydrant Use Permit must be obtained by all applicants seeking to use Company owned public fire hydrants to extract water for other purposes than fire fighting. These Permit Fees will be granted on a per village basis. The Company will charge an annual Hydrant Permit Fee of \$1,000 that is payable at the time the Permit is issued and to be shared with the applicable village on a 50-50 basis. In addition, the Company will bill for all water taken at the Service Classification No. 1 rate.
