

**P.S.C. NO. 3 ELECTRICITY**  
**ORANGE AND ROCKLAND UTILITIES, INC.**

LEAF: 181.4

REVISION: 2

INITIAL EFFECTIVE DATE: April 1, 2017

SUPERSEDING REVISION: 1

Issued in compliance with Order in Cases 15-E-0751 and 15-E-0082 dated 3/9/2017.

---

## GENERAL INFORMATION

### 13. SERVICE CLASSIFICATION RIDERS (Continued)

#### RIDER N (Continued)

#### NET METERING FOR CUSTOMER GENERATORS

#### REMOTE NET METERING AND COMMUNITY DISTRIBUTED GENERATION (Continued)

##### (B) Community Distributed Generation (Continued)

##### (3) Allocation of Generator's Output (Continued)

For any monthly billing period in which there is insufficient metering data available to ascertain the kWh supplied by the CDG Host to the CDG Satellite Accounts, the CDG Host's excess credits will be assumed to be zero. If actual data later becomes available, credits will be applied as appropriate.

After commencing net metered service under CDG, the CDG Host may modify its CDG Satellite Accounts and/or the percentage allocated to itself or one or more of its CDG Satellite Accounts once per CDG Host billing cycle by giving notice to the Company no less than 30 days before the CDG Host Account's cycle billing date to which the modifications apply.

The CDG Host must furnish to the Company, once each year, no less than 30 days before the CDG Host's 12-month anniversary of commencing CDG net-metered service, instructions for allocating the kWh credit or monetary credit, as applicable, that remains on the CDG Host Account at the end of the annual period ("Annual CDG Credit") to one or more of its CDG Satellite Accounts. No portion of the Annual CDG Credit may be allocated to the CDG Host Account. No distribution will be made if instructions are not received by the required date.

The CDG Host Account may retain, for up to two years, any undistributed credit that remains after the Annual CDG Credit is distributed to the CDG Satellite Accounts, provided that the CDG Host, in its instructions for allocating the Annual CDG Credit, allocated credits to each CDG Satellite Account equal to no less than the CDG Satellite Account's total kWh usage in the final month of the annual period, if the CDG Host Account is billed for energy-only, or no less than the CDG Satellite Account's monthly electric charges in the final month of the annual period, if the CDG Host Account is demand-billed. At the end of the two-year period, the CDG Host Account will forfeit credits (i.e., kWh credits if the CDG Host Account is billed for energy-only or monetary credits if the CDG Host Account is demand-billed) equal to the smallest number of credits in its account at any point during the two-year period.
