**GENERAL INFORMATION****9. INTERCONNECTION OF NON-COMPANY GENERATING EQUIPMENT (Continued)****9.1 GENERATORS OPERATED IN PARALLEL WITH THE COMPANY'S DISTRIBUTION SYSTEM**  
**(Continued)****(A) (Continued)**

- (3) The installation and parallel operation of generating equipment shall be in accordance with the SIR.
- (4) The Company, or the customer's Meter Service Provider, shall replace the customer's existing meter with a meter equipped with a detent to prevent reverse registration. If the existing meter is a Company Meter or Customer-Owned Meter, such replacement shall be made by the Company at the customer's expense.
- (5) The customer shall be subject to the following charges, unless otherwise specified in the SIR:
  - (a) a non-refundable application fee as set forth in Addendum - SIR, payable at the time of application, such fee is not applicable for generating equipment with a total rating of 50 kW or less, and such fee shall be refunded to the net metering-customer-generator unless applied toward the cost of installing a dedicated transformer or other safety equipment;
  - (b) a cost-based advance payment for the estimated cost of the Company's review of the customer's proposed interconnection design package and for any studies performed by the Company to ensure the safety and reliability of the electric system with respect to the interconnection of the customer's generating equipment; and
  - (c) an advance payment for the estimated costs of any equipment and facilities installed on the Company's system, including metering, necessary to permit operation of the customer's generating equipment in parallel with the Company's system.

The Company shall reconcile its actual costs of items (a), (b) and (c) with the advance payments made by the customer and the customer shall pay or the Company shall refund, without interest, the difference.
