- c) Customers will be required to provide affidavits confirming that they have alternative fuel supply contracts in place for the upcoming winter heating season and that such contracts provide for alternative fuel replenishment on an as-needed basis. The affidavits will also include information regarding on-site storage facilities, total storage capacity, and estimated number of peak days of storage. The Company will phase in this requirement over a three-year period commencing with Winter 2017/2018. The Company will collect affidavits at random from one third of its demand response customer base each year. New affidavits will be required from individual customers every three years. Customers will be responsible for providing new affidavits if there are any changes to the affidavits originally submitted prior to the three year renewal.

Annual System-Wide Test: The Company will conduct an announced annual system-wide test of Customers' compliance under this Service Classification at the beginning of the heating season. The Company will conduct an unannounced system-wide test of Customers' compliance under this Service Classification at the end of each January..
