GENERAL INFORMATION - Continued

For existing customers, the Company shall determine increased gas consumption by establishing a monthly base usage pattern at the premises based upon the historical consumption for the twelve month period immediately preceding the customer's receipt of its initial EJP Certificate of Eligibility from the Department of Economic Development. For weather sensitive customers, this monthly base usage pattern will be normalized. Where actual gas usage increases over such base by twenty-five percent in a month, then applicant will be eligible for the benefits of this Rider for that month, and gas usage in excess of the base will be eligible for an EJP rate. For weather sensitive customers, this actual gas usage will be normalized. All monthly gas consumption not meeting the discount qualifications of this Rider shall be billed at the applicable Service Classification rates and charges. For a new customer with no historical usage, the monthly base usage will be considered as zero. EJP Load is load in a given month above the customer's base for that month.

Customers with a Certificate of Eligibility will be eligible to qualify to receive a Certificate of Tax Credit from the State of New York each year which will entitle the customer to receive service at a discounted rate for the following 12 month period commencing with the next full billing period after the utility receives the certificate of tax credit. Service at discounted rates will end no later than fifteen months after receipt of such notification. The Company shall receive a copy of this certificate of tax credit prior to billing the discounted rate.

In addition, qualifying customers must keep their gas account in good standing for the discounted delivery rate to begin and continue.

Rate

Service Classification Nos. 2 and 17-2:

For existing customers meeting the increased consumption criteria stated above, the following delivery rate shall apply to any gas consumption above the stated monthly base load in excess of the consumption included in the minimum charge. For new customers, the following delivery rate applies to all gas consumption in excess of the consumption included in the minimum charge:
