

PSC No. 1 – Water
SUEZ WATER WESTCHESTER INC.
Initial Effective Date: December 16, 2016

Leaf No. 51
Revision: 0
Superseding Revision:

GENERAL INFORMATION

Surcharge Required [See Leaf 49] provided that (1) said applicant furnishes assurance satisfactory to the Company that he will be a reasonably permanent Customer and (2) said applicant furnishes reasonable security as to the performance of his agreement [Section 28 (7)].

4. Public Street-Real Estate Developer or Prospective Owner or Prospective Occupants

Whenever an Applicant for services to premises located on a public street, as defined in Section 3 paragraph (f), cannot qualify as a reasonably permanent Customer (such as a real estate developer, prospective owner or prospective occupant), the Applicant will be required to deposit with the Company the entire cost of the main extension and services to be installed.

5. Private Streets - More Than One Premise

Whenever an applicant makes written application for water service to more than one premise located on a private street, as defined in Section 3 paragraph (g), the Company will extend its mains in accordance with the terms of "Agreement for Extension-Company Performed Installation" [see Leaf 52] or "Agreement for Extension-Applicant Performed Installations" [see Leaf 56].

6. Private Streets - One Premise

Whenever an Applicant makes written application for water service to one premise located on a private street, as defined as Section 3 paragraph (g), the Company may elect to extend its mains in accordance with Section 28 (5) and (10) herein, or to consider the extension as a service line. If the latter election is made, the Applicant is to install the service line to his property line and the Company will set a meter at the beginning of the extension to measure all water used. Title to the service will be vested in the Customer, who will be responsible for maintenance and replacement, where necessary.

7. Security

The Company may require, from each Applicant signing a Main Extension Contract, a deposit in the amount required under the terms of the contract.

When the construction of the extension has been completed and actual costs are known, the amount of the deposit will be adjusted. Refunds will be made in accordance with the Main Extension Agreement.

8. Maintenance and Replacement

The Company will be responsible for the maintenance and replacement of all Company-owned mains, service pipes and facilities located within a public street and Company-owned easements, used to supply water to its Customers; and if adequate service required their reconstruction or replacement they will be reconstructed or replaced by the Company at its expense.
