**GENERAL INFORMATION - Continued****VI. Service Classification Riders (Available on Request) - Continued****RIDER I**

Applicable to Service Classification Nos. 2 and 9  
(Subject to the provisions thereof)

**Gas Manufacturing Incentive Rate (MIR)****(F) Application Process**

Applications to commence service under the MIR program will be accepted from January 1, 2004 through September 30, 2013 and again, from January 1, 2014 through December 31, 2015, and must be made no later than 30 days after the filing of the Customer's application for economic development benefit(s) from state or local authorities as outlined in (B) (i) - (B) (iii) above. Approval of an MIR application will be contingent upon the Customer's receipt of economic development benefits and the ability to meet other criteria established under the MIR. For Customers requesting service by virtue of the receipt of a Comprehensive Package of Economic Incentives, the MIR application must include a letter from the governmental economic development agency negotiating the package recommending that the Customer be accepted for the MIR.

For Manufacturing Customers occupying Existing Premises, the customer shall notify the Company by submitting an application along with proof of equipment invoice and/or lease/deed of additional space and a letter from a governmental economic development agency recommending the Customer be accepted for the MIR. Following such notification, the Company will review the monthly billable consumption. If for the next three consecutive months following the application, each month's usage exceeds the usage in the comparable monthly period in the preceding year by a minimum of 25%, the Customer will be eligible to be served under this Rider, subject to the terms and condition as explained under the "Scope of Program" in Section (C) of the MIR. The Company retains the right to decline service or discontinue the program under the provisions of Section (C) of the MIR. The Company will establish a twelve-month base usage for each qualifying Customer. Such base usage will reflect, by month, the billed therms for the twelve-month period immediately preceding the customer's application for MIR service. The rate reduction for Customers taking service under this Rider will be provided for a period of five years, at the rates set forth in Section H and shall apply only to that portion of billable therms in excess of the Customer's monthly base therm usage as explained above.

**(G) Term**

An Applicant's term of service under this Rider commences on the first day of the next billing cycle following the Company's receipt (in the period identified in Section F above) of an acceptable application for service under this Rider. The rate reduction for Customers taking service under this Rider will be provided for a period of five years, at the rates set forth in Section H. This Rider shall remain in effect until December 31, 2020.
