Re: Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of New York American Water Company, Inc. for Water Service Case No. 16-W-0259

Dear Secretary Burgess:

Enclosed herewith for filing are the following revised tariff leaves to Tariff, P.S.C. No. 5 – Water, submitted on behalf of New York American Water Company, Inc., making the administrative corrections noted below following discussions with Staff, to become effective on January 12, 2018, on a temporary basis:

- 2nd Revised Tariff Leaf No. 15 replaces the reference to “peak season” in Section IV.B.1, with “for the May-September period”;
- 2nd Revised Tariff Leaf No. 19, paragraph D.2 has been updated to show that, effective June 1, 2017, all metered customers are on a monthly reading cycle; and
- 2nd Revised Tariff Leaf No. 42, paragraph 2.4 has been modified to clarify the application of the noticing provisions in that section.

New York American Water requests a waiver of the newspaper publication requirement for these further tariff revisions in Case No. 16-W-0295 that are going into effect on a temporary basis January 12, 2018 as these revisions do not change any of the terms and conditions of service resulting from the Commission’s Order in Case No. 16-W-0259 dated May 18, 2017, and thus were part of the original rate case newspaper publication that was filed with the Commission on July 14, 2017.

Please do not hesitate to contact me should you have any questions.

Respectfully submitted,

John T. Dillon
