**Re: Cases 17-G-0460 Compliance Filing**

Dear Secretary Burgess:

Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") hereby files the following proposed tariff amendment to become effective on September 18, 2018.

P.S.C. No. 12 – Gas

12<sup>th</sup> Revised Leaf No. 212

Pursuant to Public Service Commission Order, issued and effective June 14, 2018 in Case 17-G-0460, amendments to the above Distributed Generation ("DG") tariff leaf were originally filed on June 29, 2018 to become effective July 1, 2018 on a temporary basis. As DG rates are predicated on changes made to the parent Service Classification, these rates have historically been updated to be consistent with the cost based changes for non-DG customers adopted in Company Rate Cases via the Company's Compliance filings.

As such, the aforementioned filing reflected updated Administration Charges and well as Volumetric Unit Rates. However, at the request of Staff, the Company herein refiles to reflect the elimination of rounding of the DG Administration Charges. The changes are immaterial as they result in a movement of no greater than \$0.04 in any instance and no customers currently take service under the impacted rates.

The Company requests a waiver of newspaper publication requirements of Public Service Law §66(12) (b) for this filing, as the Company has no customers taking service under the effected Service Classification.

Questions related to this filing should be directed to Amy Dittmar at [adittmar@cenhud.com](mailto:adittmar@cenhud.com) or (845) 486-5433.

Very truly yours,

Anthony S. Campagiorni
