RE: Case 14-E-0302, Brooklyn/Queens Demand Management Program

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”), applicable to its customers in the City of New York and the County of Westchester. The Company is also filing an amendment to its Schedule for New York Power Authority (“NYPA” or “PASNY”) Delivery Service - PASNY No. 12 (the “PASNY Tariff”),¹ applicable to delivery by the Company of power and associated energy to Authority Public Customers under PASNY No. 12.

The revised Electric Tariff Leaves identified below have an effective date of January 9, 2015:

<u>Tariff</u>	<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
Electric	343.1	1	0
PASNY	26.1	1	0

Reason for Filing

Pursuant to Ordering Clause 4 of the Commission’s Order Establishing Brooklyn/Queens Demand Management Program (the “Order”), issued and effective December 12, 2014, in Case 14-E-0302, the Company is filing amendments to its Electric and PASNY Tariffs for recovery of costs associated with the Brooklyn/Queens Demand

¹ The PASNY Tariff is titled, “Delivery Service Rate Schedule Implementing and Part of the Service Agreement Between the Power Authority of the State of New York (PASNY) and the Consolidated Edison Company of New York, Inc. (the Company) dated March 10, 1989.”

Management (“BQDM”) Program. BQDM Program costs will be collected from electric customers through the Monthly Adjustment Clause (“MAC”) of the Electric Tariff and from NYPA through a surcharge under the PASNY Tariff until recovered in base rates. BQDM Program costs will be collected under each Tariff on a pro-rata basis based on the ratio of forecasted rate year delivery revenues under that Tariff to the total combined forecasted delivery revenues under the Electric and PASNY Tariffs.

Tariff Changes

To implement the changes described above, the Company has added a new component to General Rule 26.1 – MAC. It has also added a new component, “Charges Associated with the Brooklyn/Queens Demand Management Program,” to Section (H) – Other Charges and Adjustments of the “Additional Delivery Charges and Adjustments” section of the PASNY Tariff.

Conclusion and Notice

As directed by the Order, this filing is being made within thirty days of issuance of the Order, to become effective on not less than one day’s notice on January 9, 2015. Because publication was made in the New York State Register concerning the Company’s petition for approval of the BQDM Program, and parties were given the opportunity to make comments as described in Appendix A to the Order, the Company requests waiver of further newspaper publication.

Very truly yours,
CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.
