Hon. Kathleen H. Burgess  
Secretary to the Commission  
New York State Public Service Commission  
Agency Building 3  
Albany, NY 12223-1350

Ms. Burgess:

I have attached three pages from the current tariff of the Pheasant Hill Water Corporation with revisions made as follows:

Leaf 8 The returned check processing fee has been increased to 25.00 in addition to the direct bank charge for a returned check.

Leaf 10 A correction to the Restoration of Service fee charged on weekends and public holidays has been changed from \$00.00 to \$100.00.

Leaf 12 Revise the current rate of \$101.06 per quarter to a minimum charge of \$83.20 with a 10,000 gallons allowance and a \$10.00 per thousand gallons usage rate in excess of 10,000 gallon monthly consumption allowance covered under the monthly minimum charge.

We would like to inform you that the installation of new meters is finalized and this is the reason we are requesting a change in the rate structure.

Also attached are the Comparative Income Statements with revenues that reflect an increase made in January 2004 for a rate adjustment which consists of the following:

Legal Fess Assessment:	25.00
Engineering Fee Assessment:	25.00
Capital Improvements:	25.00
Total Increase:	75.00

These assessments brought the total rate charged to customers to 176.06 from the 1986 101.06 rate.

I, Mark Rea, do hereby affirm that the contents of this document are true to the best of my knowledge as of today, 12-11-2013.

Please contact me should any additional information or clarification be needed at my cell phone 845 649-7155 at your earliest convenience.

Sincerely  
Mark Rea  
President
