Re: PSL §18-a(6): New York State Assessment Surcharge (NYSA)

Dear Secretary Burgess:

In accordance with General Information Section 36.F of P.S.C. No. 15 – Electricity and General Information Section 42.D of P.S.C. No. 12 - Gas, the Statements listed below are filed to become effective October 1, 2013.

P.S.C. No. 15 – Electricity

Statement of New York State Assessment Surcharge      NYSA – 11

P.S.C. No. 12 - Gas

Statement of New York State Assessment Surcharge      NYSA – 7

Central Hudson Gas & Electric Corporation (“the Company”) herein files revised NYSA Statements. The rates on these statements incorporate the 2013-2014 Revised Assessment issued by the Department of Public Service on August 9, 2013, which reflects a 5.8% decrease in the electric assessment and a 26.5% decrease in the gas assessment. The rates also reflect a change in method for allocating the carrying charges among service classifications/sub-classifications from utilizing the May over/under collected balance, to tracking the carrying charges as they are recorded to match the accounting treatment for this item. Additionally, the rates reflect prior period correction to service classification/sub-classification allocations and assessments to reflect final assessments issued by the Department of Public Service for prior periods.

Work papers related to the factor development contained herein have been sent to Rosanne Maiello.
