RE: CASE 14-M-0094 – Order Authorizing the Clean Energy Fund Framework

Dear Secretary Burgess:

In accordance with the New York Public Service Commission's Order Authorizing the Clean Energy Fund Framework ("Order") issued January 21, 2016 in the above-referenced case, Niagara Mohawk Power Corporation d/b/a National Grid (the "Company") hereby submits the following statement to become effective on March 1, 2016:

Statement of System Benefits Charge No. 19
To Schedule for Gas Service, PSC No. 219-GAS.

After discussions with Staff it was determined that further revisions were necessary. The purpose of this filing is to further amend the Company's Statement of System Benefits Charge to implement a surcharge to collect for The Clean Energy Fund ("CEF") in accordance with directing paragraph 7 consistent with the Order. The Company proposes to implement the CEF to customers taking service under Service Classification Nos. 1, 2, 3, 5, 7 and 8. The CEF will be set forth on the Statement of System Benefits Charge and will be included in the calculation of the total System Benefits Charge included on the customer's bill.

Any questions regarding this filing should be directed to me at (929) 324-4580 or at Dawn.Herrity@nationalgrid.com.

Sincerely,

/s/ Dawn Herrity
