Re: Case 14-E-0151/14-E-0422 – Order Raising
Net Metering Minimum Caps, Requiring Tariff
Revisions, Making Other Findings, and Establishing
Further Procedures

Dear Secretary Burgess:

On June 29, 2015, Orange and Rockland Utilities, Inc. (the “Company”) filed with the Public Service Commission (the “Commission”) amendments to its electric rate schedule, P.S.C. No. 3 – Electricity regarding remote net metering, as directed by the Commission’s Order issued and effective April 17, 2015, in Cases 14-E-0151 and 14-E-0422. The tariff leaves were issued with an effective date of July 20, 2015.

At the request of the Staff of the Department of Public Service, the Company postponed to August 20, 2015, the effective date of the tariff changes that were filed on June 29, 2015. At Staff’s request, the Company is further postponing the effective date of the tariff changes to September 21, 2015. Accordingly, the Company hereby submits Supplement No. 11 to P.S.C. No. 3 – Electricity.

The Supplement is issued on 30 days’ notice and has an effective date of September 4, 2015. However, since the tariff leaves currently have an effective date of August 20, 2015, the Company requests that it be authorized to put this Supplement into effect on short notice, i.e., August 20, 2015. The Company requests waiver of notice requirements of the change in the effective date of the proposed tariff leaves.

Questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Very truly yours,

William A. Atzl, Jr.
Director – Rate Engineering
