The Arrears Reduction Program Surcharge ("ARP") will be applicable to all delivery customers and allocated to each class or sub-class based on the allocation of uncollectible costs from the embedded cost of service study filed in Cases 20-E-0428 and 20-G-0429. The ARP surcharge will be reflected on the electric and gas Miscellaneous statements and shown on customers bills within the MISC or MISCII line item on customers' bills.

The Company plans to comply with Ordering Clause 12 of the aforementioned Order and publish notification once per week for four consecutive weeks in newspapers having general circulation in the Company's service territory.
