CENTRAL HUDSON GAS & ELECTRIC CORPORATION 284 SOUTH AVENUE POUGHKEEPSIE, NEW YORK 12601

May 28, 2010

Public Service Commission Three Empire State Plaza Albany, New York 12223-1350

Dear Commissioners:

Re: Case 03-E-0188 Order Authorizing Customer-Sited Tier Program Through 2015 and Resolving Geographic Balance and Other Issues Pertaining to the RPS Program

In compliance with the Public Service Commission's April 2, 2010 Order in the above referenced proceeding, Central Hudson Gas and Electric Corporation hereby files the following revised statement to become effective on July 1, 2010.

P.S.C. No. 15 - ELECTRICITY

Statement of System Benefits Charge and Renewable Portfolio Standard Charge

SBC - 18

The revision reflects the Commission's approval to augment the System Benefit Charge ("SBC") as reflected in ordering clause No. 5 of the above Order. Since the Company's electric rate schedule currently provides for the collection of SBC, no tariff amendments are required.

Pursuant to Ordering Clause No. 6 of the above referenced Order, the requirement of 66(12)(b) of the Public Service Law as to newspaper publication of these amendments has been waived.

In addition to the change in compliance with the aforementioned order, the Company has also changed the SBC rate to reflect a revision in the calculation method used to determine the previous rate related to EEPS collections. Previously, the Company offset its annual authorized amount of collection with the over collection of funds associated with EEPS experienced in the previous year. In it's January 4, 2010 Order in Case 08-E-1127, et al., the Commission approved additional utility-administered projects. With this approval, all of the EEPS funds authorized for collection in the various Commission orders were committed to specific projects. As a result, any current under/over collection resulting from matching of EEPS revenue and expense is solely related to timing. As such, the Company proposes to remove the remaining over collection from the calculation of the SBC factor and retain the funds for utility-administered programs effective July 1, 2010.

The Company requests that the requirements of 66(12)(b) of the Public Service Law as to newspaper publication for the amendment noted in the previous paragraph be waived.

Very truly yours,
