RE: Case No. 08-G-0609

Dear Secretary Brillling:

Attached for filing electronically with the Commission is [Supplement No. 21](#) to the Schedule for Gas Service, P.S.C. No. 219-GAS issued by Niagara Mohawk Power Corporation d/b/a National Grid to become effective November 16, 2009.

The purpose of this filing is to postpone the filing submitted to the Public Service Commission on October 1, 2009 proposing revisions to the Company's tariff and the System Benefits Charge Statement No. 6. Specifically the Company proposed revisions to reinstate the appropriate level of authorized SBC funding for the interim energy efficiency programs consistent with the September 18, 2008 Order. The current tariff and SBC Statement terminated SBC funding for the interim programs as of September 30, 2009.

The Company respectfully requests that this filing become effective on short notice on November 1, 2009.

Staff of the Public Service Commission has requested a postponement of the effective date of this filing to December 1, 2009 to allow time for further review.

Very truly yours,

Dawn M. Herrity  
Lead Analyst, Gas Pricing
