Dear Commissioners:

In accordance with General Information Sections 36.A and 36.C of P.S.C. No. 15 - Electricity, the Statement listed below is filed to become effective October 1, 2009.

P.S.C. No. 15 - ELECTRICITY

Statement of System Benefits Charge
and Renewable Portfolio Standard Charge

SBC -14

The purpose of this filing is to update the Renewable Portfolio Standard ("RPS") Charge to reflect Central Hudson's 2010 cost requirement for renewable resources under the New York State RPS Program, pursuant to the Commission's Order in Case 03-E-0188 issued and effective September 24, 2004. The total RPS Program cost requirement for 2010, a reconciliation of the under/over collection of the 2008 requirement, and an estimated under/over collection for the remainder of the 2009 requirement, are allocated over a forecast of total delivery sales for October 1, 2009 through September 30, 2010 to design the RPS factor. The System Benefits Charge factor per kWh remains unchanged from SBC Statement No. 13.

Very truly yours,

Michael L. Mosher
