<u>PSC No. 15 Electricity</u>	
Statement of Market Price Charge and Market Price Adjustment	MPC - 292
Statement of Miscellaneous Charges	MISC - 291
Statement of Purchased Power Adjustment	PPA - 275

The factors included in MPC Statement No. 292 are applicable to energy supplied by the Company and are based on the actual commodity costs required to serve the Company's full-service customers during the month of September. MPC Statement No. 292 includes Market Price Adjustment (MPA) factors corresponding to the reconciliation of energy costs for the month of June 2023, which were collected through the MPC and for which collections were completed in September. MPC Statement No. 292 also includes charges related to the Company's Hourly Pricing Provision, as well as the CES component designed to recover the costs of the Company's compliance with REC/ZEC/ACP procurement as required by Case 15-E-0302.

The factors included in MISC Statement No. 291 are applicable to all energy delivered by the Company and are intended to refund to or collect from customers the net benefit or cost of non-avoidable, variable energy related revenues and costs associated with the Company's remaining generation facilities and from mandatory purchases from Independent Power Producers for the month of September. MISC Statement No. 291 also includes a reconciliation component for June 2023 costs/benefits, a MISC II component designed to recover the costs of the Company's alternative infrastructure project approved for recovery pursuant to the July 15, 2016 Order in Case 14-E-0318, as well as a reconciliation to refund or collect any variation in monthly revenue/benefit as compared to 1/12<sup>th</sup> of the imputed revenue/benefit from legacy hydro generation revenue as approved pursuant to the Order in Case 20-E-0428.

The factors included in PPA Statement No. 275 are applicable to all energy delivered by the Company and are intended to refund to customers any payments made under the Revenue Sharing Agreement with the new owners of the nuclear generating plant previously owned by the Company.

Supporting exhibits accompany this filing and have been submitted through ETS.

Sincerely,

Joseph Hally
