SUPERSEDING

SERVICE CLASSIFICATION NO. 1 (SC1)

Residential Service

APPLICABLE TO USE OF SERVICE FOR:

All residential purposes including lighting, heating, appliances, and motors by single-family residential customers who dwell in single-family dwellings, individual flats, apartments of multi-family buildings; and also for all uses in connection with religious purposes by any corporation or association organized and conducted to enable its members to meet for divine worship or other religious observances, which is or could be incorporated under the "Religious Corporation Law."

CHARACTER OF SERVICE:

Continuous.....Alternating Current at approximately 60 Cycle, 120 Volt, two wire or 120/240 volt, three wire single phase, depending upon the characteristics of the load and the circuits from which service is supplied.

RATES PER METER, (PER MONTH):

Customer Service Charge.....	\$1.75
Energy Charge, per KWH.....	\$ 0.05112

TERMS OF PAYMENT:

All bills are due when personally served or three days after the mailing of the bill and may be paid without imposition of a charge for late payment if paid in full on or before the "last day to pay" date specified on the bill which shall be at least 20 days after the date on which the bill is rendered.

A monthly late payment charge will be assessed at a rate of one and one-half per cent (1 1/2%) per month on a customer's unpaid balance, including service billing arrears and unpaid late payment charges. Remittance mailed on the due date will be accepted without the late payment charge, the postmark to be conclusive evidence of the date of mailing. The failure on the part of the customer to receive the bill shall not entitle him/her to pay without the late payment charge after the due date.

PURCHASED POWER ADJUSTMENT:

The charges set forth in this Service Classification shall be subject to a purchased power adjustment as explained on Page 1 of the General Information Section. The charges billed under this section shall be subject to the late payment charge.
