PASNY DELIVERY SERVICE

General Provisions - Continued

Proration of Monthly Rates and Charges

Unless otherwise specified below or under the specific rates and charges described in this Rate Schedule, rates and charges will be prorated as follows:

- (1) Where the Company renders a bill for other than a 30-day period, rates and charges will be prorated based on the number of elapsed days in the billing period divided by 30; except that (i) a Customer who terminates service less than 30 days after the commencement of service will be billed for a month, and (ii) Energy Delivery Charges billed under Rate I and As-used Demand Delivery Charges billed under Rate III or Rate IV will not be prorated for periods of more or less than 30 days.
- (2) Rates and charges specified under this Rate Schedule shall apply to service rendered on and after the effective date of those rates and charges. Where there is a change in rates and charges, rates and charges will be prorated based on the number of days of service rendered before the effective date and on and after the effective date of the change related to the total number of days in the billing period.
- (3) Where rates and charges are stated with reference to a specific month (e.g., June), rates and charges will be prorated based on the number of days of service rendered before the first day of the month and on and after the first calendar day of the month related to the total number of days in the billing period.

Rates and charges stated “per calendar month,” the Increase in Rates and Charges, and Additional Delivery Charges and Adjustments are not subject to the above proration provisions. The Increase in Rates and Charges is determined based on the rates and charges in effect at the time of the bill’s “to” date. Additional Delivery Charges and Adjustments are assessed per month and are shown on the monthly bill rendered to PASNY during the months in which the charges are in effect.
