SERVICE CLASSIFICATION NO. 3A (Continued)

TERM:

Except as otherwise provided herein, the Term under this service classification shall be one year from commencement of service and continuously thereafter until permanently canceled by customer upon ninety days' prior written notice to the Company. Cancellation by customer followed by resumption of service at the same location within one year shall not modify in any way the Determination of Demand as above provided. When the amount of an investment by the Company or other conditions of the service are such as to warrant, the Company may, with the permission of Public Service Commission, require that the initial term be longer than one year and for successive one year terms thereafter until canceled effective at the expiration of the initial Term, or of any succeeding one year Term, by customer giving ninety days' prior written notice to Company. Customers executing a Form J service agreement shall be required to comply with the terms and termination provisions established in Form J.

SPECIAL PROVISIONS:

- A. **Combined Metering and Billing:** When the Company, pursuant to Rule 25.1.4.3, has provided Electric Service at the customer's single location through more than one Retail Delivery Point, the quantities derived from all necessary meters will be combined for billing purposes in accordance with the provisions of such rule upon the execution of the rider for Combined Metering and Billing attached to Form C.
- B. **Metering Voltage:** When a customer provides the high voltage equipment to accept a service voltage higher than 2,200 volts, the Electric Service voltage will be the Company's incoming line voltage. When the Company provides all or part of the high voltage equipment, the service voltage will be the secondary voltage of the Company's transformers. When service is metered at a voltage either higher or lower than the voltage of delivery, metered quantities will be adjusted for billing as provided in Rule 25.4 of General Information.
- C. **Riders:** Service taken under this service classification may be eligible for a limited-duration bill reduction treatment as described in Rule 34, Economic Development Programs.
- D. Customers served under this service classification may be subject to adjustments applied in the manner described in each respective Rule:

- Rule 41 - System Benefits Charges
- Rule 43 - Transmission Revenue Adjustment
- Rule 42 - Merchant Function Charge
- Rule 46 - Supply Service Charges
- Rule 49 - Renewable Portfolio Surcharge
- Rule 56 - Incremental State Assessment Surcharge
- Rule 57 - Revenue Decoupling Mechanism
