J. Term:

Unless otherwise reflected, service under this Service Classification will be for a period of one year from the date of commencement of service and thereafter until terminated by either party. The service agreement is terminable by either party after one year from the commencement of service on six months' written notice to the other, or terminable in the manner provided by law and the rules and regulation set forth in the Company's Rate Schedule, on file with the Public Service Commission.

K. Availability of Firm Sales Service:

A Customer that wishes to transfer to firm sales service under Service Classification Nos. 1, 2, 3, 15, 16, and 17 may do so if the Company deems such service to be generally available to new service applicants.

L. Individually Negotiated Service:

Notwithstanding any provision contained in this Service Classification, the Company maintains the right to individually negotiate service agreements for the provision of interruptible transportation service.

M. Special Provisions:

- (a) Distribution Facilities Allowances: Applicants will be furnished service when, in the Company's judgment, there is sufficient capacity and facilities available for the service requested after taking into consideration the requirements of firm Customers and all Company uses and obligations.

If an applicant requests and is approved for gas service as an interruptible Customer, the Company will furnish, place and construct all mains, service lines, service connections and appurtenant facilities necessary to render the service requested. The applicant, prior to construction, must either 1) pay the estimated cost of these facilities in full, or 2) pay the estimated cost of these facilities less the Company's contribution as determined by a revenue test described below in subsection a(i) and sign the Interruptible Transportation Service Agreement, thus agreeing to be subject to the terms therein.

- (a)i) The Company's contribution will be equal to an estimate of natural gas deliveries for the first twenty-four months of service multiplied by the three month average Transportation Rate shown on Statement of Rates and Charges for Interruptible Service and in effect on the date of the service agreement.
