GENERAL INFORMATION

13. SERVICE CLASSIFICATION RIDERS (Continued)

RIDER N (Continued)

NET METERING FOR CUSTOMER GENERATORS

BILLING (Continued)

- (B) If during a billing period the amount of energy supplied to the Company exceeds the amount of energy supplied and/or delivered by the Company (net sale by customer), in a billing period in the case of Service Classification Nos. 1, 2, and 3, or in a time-of-use rating period in the case of Service Classification Nos. 9, 19, 20, 21, and 22, the following rules shall apply:
- (1) For farm waste, farm wind, non-residential solar, non-residential wind residential solar, or residential wind customer-generators that do not participate in Remote Net Metering:
- (a) Non-Demand Billed Customers
- The net sale amount in kWh shall be transferred to the next billing period, and time-of-use rating period if applicable, and added to any kWh net sales by the customer in that billing period.
- (b) Demand Billed Customers
- The net sale amount in kWh shall be converted to its equivalent monetary value at the applicable tariff rate per kWh and applied as a direct monetary credit to the customer's current utility bill for any outstanding energy, customer, demand, or other charges. For customers served under Rider B, such applicable tariff rate shall exclude the System Benefits Charge, Renewable Portfolio Standard Charge, and the Revenue Decoupling Mechanism Adjustment. If the customer's current month's energy production credits exceed the current bill, the remaining credits shall be converted back to kWh values and carried forward to the succeeding billing month.
- (2) For Micro-CHP or fuel cell customer-generators, the net sale amount in kWh will be converted to a monetary credit based on the rate specified in Special Provision (F) of Service Classification No. 15. The monetary credit will be applied on the customer's electric bill towards any outstanding customer or other charges in the billing period. Any remaining monetary credit will be carried forward to the succeeding billing period.
