**SERVICE CLASSIFICATION NO. 4 (Continued)**

**SPECIAL PROVISIONS: (Continued)**

- (B) Charges to customers under revised or superseding Service Classification shall commence with the first day of the billing period following the effective date of such revised or superseding Service Classification.
- (C) Service to customer owned lighting facilities shall not be made under this Service Classification except for existing underground services where the customer has installed, owns and maintains the duct system complete, but not aluminum standards or luminaires.
- (D) A customer may apply for service hereunder for a proposed residential subdivision in which all electric facilities will be underground. Such application shall be signed by the customer and builder or developer and when accepted by the Company, shall constitute an agreement between the Company, customer and builder or developer subject to the terms and provisions hereunder.

The builder or developer shall pay to the Company prior to the commencement of any construction all costs associated with the installation of the facilities to be served hereunder and a prepayment of six times the total monthly charge for all luminaires installed. Said monthly charges shall be determined using the rates in effect at the time said costs and charges are determined. The Company shall not bill the customer for the first six months of service of the facilities installed under this provision.

- (E) The customer shall furnish the Company with all easements or rights-of-way necessary to provide service to the desired location before any installation or construction will be started.
- (F) The Company shall not be obligated to repair or replace in kind any obsolete luminaire for which it cannot reasonably obtain the necessary parts. The Company will, remove the obsolete luminaire or, at the customer's request, replace it with any luminaire offered for service at that time for which the customer will be charged the appropriate rates.
