ORANGE AND ROCKLAND UTILITIES, INC.
 INITIAL EFFECTIVE DATE: April 1, 2012

LEAF: 192
 REVISION: 0
 SUPERSEDING REVISION:

GENERAL INFORMATION

14. FORM OF APPLICATION FOR SERVICE (Continued)

14.1 APPLICATION FOR NEW RESIDENTIAL CONSTRUCTION (Continued)

By adhering to the Act, you ensure the safety of your employees and the public. If you fail to comply with the requirements under the Act, you could be subject to certain fines and penalties.

Buildings of Public Assembly

Buildings of Public Assembly are buildings that normally admit the public and have capacity for 75 or more people. This would include, but is not limited to, schools, hospitals, nursing homes, licensed day care centers, churches, restaurants, theatres, department stores, factories, etc. (Office and apartment buildings are excluded unless they have a community/meeting room, auditorium or cafeteria that can accommodate 75 or more people).

Does your facility meet this definition? ☐ YES ☐ NO

Residential-Use Affidavit

I certify to O&R that the premises is a legal _____ (number of dwelling units constructed or to be constructed pursuant to Department of Buildings permit number _____) family building.

As such, O&R has informed me that if I rent or sell those dwelling units to more than the same number of tenants or buyers:

1. O&R's Schedule for Electric Service, Public Service Commission (PSC) No. 3 (the "tariff"), General Information Section 9 . requires that a separate meter be used to measure electric service supplied to an apartment. Direct metering of each tenant's residential electric service is required by order of the PSC in premises wired after January 1, 1977, except as may be permitted by PSC regulations on submetering or pursuant to a waiver from the PSC.
2. "Shared meter" conditions, as defined by Section 52 of the Public Service Law, may not be created with respect to the electric and/or gas service. Shared meter conditions occur when service to one tenant includes service used by common area equipment or in another dwelling unit. Such conditions constitute violations of the Public Service Law and must be remedied as required by law. When the utility determines that a shared meter condition exists, the owner of the premises must correct the condition (with limited exceptions) and pay for all shared energy use for up to the past six years.
3. The owner may also be liable for a penalty.

Notice:

- O&R electric and gas service installation work is provided at no charge. However, O&R will require contributions in aid of construction for construction work that exceeds allowances as provided for in its filed tariff. In addition, a security deposit may be requested prior to activation of service in accordance with our customer service procedures. Construction contributions, security deposits or any other prices quoted by O&R are subject to change without notice.
- In addition to our project management staff, you may contact a department manager to discuss any matter of importance to you:
 Donald Kennedy – Director of New Construction Services – 845-577-3064
 Paul Koretz – Section Manager New Construction Eastern Division – 845-577-3045
 Tom Quigley – Section Manager New Construction Western Division – 845-783-5440

Applicant

Accordingly and with notice of the foregoing, I hereby affirm that the foregoing statements of responsibility for payment of service are true. To the best of my knowledge, the information provided herein is accurate and no attempt has been made to misrepresent the facts. I affirm that I have read and understand the obligations set forth in this application.

Signature (signature of account holder or applicant): _____

Name (name of account holder or applicant – PLEASE PRINT): _____

Date: _____

Orange and Rockland Utilities, Inc.

Signature: _____

Name: _____

Date: _____

The following information must be submitted along with this application form:

- Three (3) finalized plot plans showing sewer, water, drainage, curbs and utility locations and one (1) certified copy of deed are required for all new construction.
- Load information in kW format for services 300 amp and greater. Loads are to be specified by appliance.

Inadvertent contact with buried gas lines, cables or other utility lines can cause injury to workers and disrupt service to entire neighborhoods. Help avoid unnecessary system damage and prevent emergencies before they happen. Remember to CALL 811, the nationwide "Call Before You Dig" number.
