The customer is responsible for all applicable charges during the temporary operation discontinuance billing cycle(s) including the following adjustments:

- a. Monthly volumetric cost in accordance with Volumetric Charges, Hours of Operation, A.3, Table 2-Monthly Hours of Operation of RATE, will be adjusted to zero (0) and,
- b. Annual lamp charges as defined in Standard Facility Charges, Lamp Charge, C.1, Table 3-Annual Lamp Charge of RATE, for the type and size of lamp affected by the temporary operation discontinuance will be adjusted to zero (0) and,
- c. Remaining facility charges will be the responsibility of the customer as outlined in applicable sections of RATE for the duration of the temporary operation discontinuance.

5. Temporary Customer Discontinuance

A customer may request in writing and the Company may mutually agree to the temporary customer discontinuance service of Company facilities at a specific light(s) location for a short duration of consecutive days up to one (1) billing cycle to accommodate the customer's replacement or maintenance of equipment. The Company will de-energize and remove all specified above grade facilities and following the stated duration, reinstall the same facility (unless the facility is considered by the Company as closed or obsolete). The Company will make temporary electric system reconfigurations to maintain service to unaffected street light locations as necessary at customer's expense. The customer will continue to pay all charges for the duration of the temporary customer discontinuance except as defined in Other Charges and Credits, Temporary Operation Discontinuance, F.4 of RATE. Any facilities removed and not reinstalled will be considered eliminated and subject to the application of Permanent Discontinuance, as defined under RATE, Section F.7.

The Lighting Service charge is applicable for each Customer requested installation or removal occurrence of this discontinuance as defined under Terms and Conditions Applicable to Specific Service Classifications, Other Charges and Credits, Section F.2.

6. Temporary Facility Discontinuance

A customer may request in writing and the Company may mutually agree to the temporary discontinuance of Company facilities at a specific light(s) location for a duration of not less than one (1) billing cycle and not greater than twelve (12) consecutive billing cycles. The customer is responsible for the full reimbursement of all costs incurred by the Company including, but not limited to labor, material, transportation, equipment, adders and general and administration expenses associated with the temporary discontinuance of Company facilities. The Company will de-energize and remove all specified above grade facilities and following the stated duration, reinstall the same facility (unless the facility is considered by the Company as closed or obsolete) when designated by the customer. The Company will make temporary electric system reconfigurations to maintain service to unaffected street light locations as necessary at customer's expense. The customer will continue to pay all charges for the duration of the temporary discontinuance except as defined in Other Charges and Credits, Temporary Operation Discontinuance, F.4 of RATE. A limitation of no greater than ten (10) percent of the number of lamps as defined in the customer's bill account can be affected by temporary facility discontinuance during a given billing cycle. Any facilities removed and not reinstalled will be considered eliminated and subject to the application of Permanent Discontinuance, as defined under RATE, Section F.7.
