- (G) A Recharge New York ("RNY") allocation is a kW allocation made under the Recharge New York Program pursuant to Part CC of Chapter 60 of the Laws of 2011. Customers who receive an RNY allocation under the RNY Program will be subject to General Rule 11.

NYPA shall provide at least 30 days' prior written notice to the Company for the initial delivery of RNY power and energy to an individual Customer, changes in the kW allocation, and termination of any kW allocation, unless otherwise agreed upon by PASNY and the Company. Service will be initiated, modified, or terminated as of the Customer's first scheduled meter reading date that begins at least ten days after receipt of the notice, except for Customers served under Rider Q on June 30, 2012. Rider Q Customers who receive RNY allocations as of July 1, 2012, will commence billing under the RNY Program as of that date.

Customers will be subject to all delivery charges applicable under this Service Classification, except that the System Benefits Charge, the Renewable Portfolio Standard Charge, and the Revenue Decoupling Mechanism Adjustment will not be applicable to all power and energy delivered under the RNY Program, up to the RNY allocation, regardless of supplier. Customers who participate in the RNY Program will be exempt from the Minimum Monthly Charge (General Rule 10.10) and the maximum rate under Rate I of this Service Classification.

If only half of the power and energy allocated to the Customer under the RNY Program is supplied by NYPA, the balance of the Customer's allocation and any remaining requirements will be supplied by: (a) the Company if the Customer is a Full Service Customer; or (b) the Customer's ESCO or the Direct Customer's "Supplier," as applicable, if the Customer is a Retail Access Customer. Only RNY power and energy supplied by the Company will be subject to the Market Supply Charge, Adjustment Factors – Market Supply Charge (except for Customers served under Rider M), and Merchant Function Charge.
