

PSC No: 120 - Electricity
New York State Electric & Gas Corporation
Initial Effective Date: November 1, 2011
Issued in compliance with order in Case 11-E-0176 dated September 19, 2011.

Leaf No. 117.13
Revision: 6
Superseding Revision: 5

GENERAL INFORMATION

25. Supply Service Options: (cont'd.)

I. Supply Service Options (cont'd.)

F. Customer Eligibility Exceptions:

1. Incentive Rate and Non-Incentive Rate Load:

Customers receiving an Economic Incentive may select a Supply Service option, as specified in the applicable Special Provision for Economic Incentives of the respective service classifications. The customer must choose the same Supply Service option for all of their load.

2. NYPA Customers

Customers who receive a portion of their Electric Power Supply from NYPA, (Expansion, EDP, HLFM, PFJ, Replacement or Preservation Power, or Recharge NY Power), with Standard Load (non-NYPA load), shall be permitted to take service under any Supply Service option for their Standard Load. The NYPA load will continue to be billed in accordance with General Information Section 11 or the Special Provision of Service Classification No. 7. If the NYPA allocation expires or is terminated, the Supply Service option for that load will be the same option the customer selected for the Standard Load (non-NYPA load).

3. Customers Applying for Service

If a customer applying for service has not elected a Supply Service option by the time of billing, NYSEG will bill the customer at the appropriate default option as explained in Section 25.I.H. When a customer contacts NYSEG with their choice, that Supply Service option will be applicable to usage on and after the next regularly-scheduled estimated or actual meter reading date after such contact.
