SERVICE CLASSIFICATION No. 7
Interruptible Transportation Service

Rate Code: 710 - Interruptible Transportation - Category A
710A - Interruptible Transportation - Category DSRS
711 - Interruptible Transportation - Category C
720 - Interruptible Transportation - Category B
721 - Interruptible Transportation - Category D

A. Availability and Applicability of Service:

Service for the interruptible transportation of Customer-owned natural gas by the Company under this Service Classification is available to a single large volume non-residential Customer than can demonstrate annual natural gas consumption of at least 5,000 DTHM at a single meter. Customers will agree to the following:

- (i) To only use gas delivered by the Company under this Service Classification in the equipment specified on Attachment A to the Interruptible Transportation Service Agreement;
- (ii) To discontinue the use of gas service furnished hereunder upon notice to the Customer by the Company as provided in Special Provision (c);
- (iii) To provide and maintain complete and adequate standby facilities except as may be permitted by the Company in its sole discretion because of the nature of the Customer's operations; and
- (iv) To keep available at all times sufficient standby fuel to maintain continuous plant operation during periods of discontinuance of service except as may be permitted by the Company in its sole discretion because of the nature of the Customer's operations.

Availability of such service shall be subject to the conditions set forth in the Special Provisions and Rule II.7B.

The provision of service under this Service Classification is conditioned on Customer signing an Interruptible Transportation Service Agreement which shall provide the conditions of delivery acceptable to the Company.

All customers taking service under this Service Classification with the exception of power generators can opt to be supplied by Sellers participating in either the Company's Monthly Balancing Program or Daily Balancing Program.

Customers that opt to be supplied by Sellers participating in the Daily Balancing Program must have Automatic Remote Meter equipment installed at their premises as well as a dedicated communication link that will allow the Company to access their meter readings periodically throughout the day. The customer is required to pay for the Automatic Remote Meter and dedicated communication link.
