## GENERAL RULES

### 24. Service Classification Riders (Available on Request) - Continued

#### RIDER T – CRITICAL PEAK REBATE PROGRAM - Continued

##### G. Data Review

The Company reserves the right to review records and/or operations of any Customer, Aggregator, or customer of an Aggregator to verify enrollment information and performance associated with a designated Load Relief Period or Test Event called by the Company. Once the Company initiates a data review, all payments will be suspended pending the outcome of the review. The Company will complete its review within 30 days of receipt of all requested data. Any suspended payments will be reinstated if the Company's review of the data results in a finding that the enrollment and performance information are correct.

If the Company determines that a Customer, Aggregator, or customer of an Aggregator failed to cooperate fully and promptly with the review and/or did not fully comply with the provisions of this Rider and/or provided inaccurate data, the Customer or the customer of the Aggregator will be deemed ineligible to participate in the program until the issue is rectified. In addition, the Customer will be required to make prompt repayment to the Company of any payments that were made to such Customer or Aggregator, on behalf of its customer, for the Summer.

##### H. Testing

The Company may require a Customer or Aggregator to participate in one or more Test Events, each for a period not to exceed one hour, commencing at a time determined solely at the Company's discretion, but within the Event Hours specified for the Network. If the Company can verify that the Customer or Aggregator provided the contracted kW of Load Relief during the Test Event, the Company will make a payment for one hour of energy for the Load Relief achieved up to the contracted kW amount, as specified in section F of this Rider.
