Superseding Revision:

GENERAL RULES

24. Service Classification Riders (Available on Request) - Continued

RIDER U – DISTRIBUTION LOAD RELIEF PROGRAM - Continued

C. Definitions - Continued

An “Emergency Event” is a Load Relief Period lasting five or more hours for which the Company provides two or more hours’ advance notice.

An “Immediate Event” is a Load Relief Period lasting seven or more hours for which the Company provides less than two hours’ advance notice.

“Load Delivery” means power (kW) and energy (kWh) produced by use of Electric Generating Equipment and delivered to the Company’s distribution system during a Load Relief Period.

“Load Reduction” means power (kW) and energy (kWh) ordinarily supplied by the Company that is displaced by use of electric generating equipment and/or reduced by the Customer or Aggregator during a Load Relief Period.

“Load Relief” refers to limiting demand on the Company’s system through Load Reduction or delivering power and energy to the Company’s system through Load Delivery, as specified in the Customer or Aggregator’s contract with the Company and for the time period directed by the Company.

“Load Relief Period” refers to the hours for which the Company requests Load Relief during an Emergency Event or an Immediate Event.

“Test Event” refers to the Company’s request under the Summer Reservation Payments Program, pursuant to section J.9, to provide one hour of Load Relief on not less than two hours’ advance notice.
