24. Service Classification Riders (Available on Request) - Continued

RIDER J - BUSINESS INCENTIVE RATE - Continued

(A) Applicability – Continued

(2) Scope of Program - Continued

- (c) Initially, service to Customers taking Standby Service will be limited under this Rider to a total of 5 megawatts, on a first come basis. The Company will continue to monitor the Business Incentive Rate program, and propose adjustments to this limit, if necessary, to facilitate participation by all eligible Customers.
- (d) Except as specified in section (A)(2)(f), as allocations to Customers in a particular program (i.e., New York City Comprehensive Package, Westchester Comprehensive Package, New and Vacant Program, Biomedical Research Program, and the Business Incubator Program) under this Rider expire, such allocations will be available for re-use in that program at the then-current Rider J rate.

An additional 12 megawatts will be made available under the New and Vacant Program for use by not-for-profit institutions utilizing space for Biomedical Research as specified in section (A)(1)(c). The 12 megawatts will be phased-in as follows: 5 MW will be made available as of April 1, 2005; 2 MW will be made available as of April 1, 2006; and 5 MW will be made available as of April 1, 2007. Rate reductions provided to Customers under this subsection will be provided for a period of fifteen years, with an initial ten-year term of service at the percentage reduction specified in section (B)(2)(a) followed by a phase-out period of five years at which the percentage reduction specified in section (B)(2)(a) will be reduced one-sixth each year so that the rate reductions shall be phased out completely after the Customer's fifteenth year of Rider J service.
