Consolidated Edison Company of New York, Inc.  
Initial Effective Date: 11/01/2011

Leaf: 268  
Revision: 0  
Superseding Revision:

## GENERAL RULES

### 24. Service Classification Riders (Available on Request) - Continued

#### RIDER T – CRITICAL PEAK REBATE PROGRAM

Applicable to SCs 1, 2, 5, 7, 8, 9, 12, and 13  
(Subject to the provisions thereof)

##### A. Applicability

To any Full Service or Retail Access Customer taking service under SC 1, 2, 5, 7, 8, 9, 12, or 13, including Customers taking Standby Service; to any customer of NYPA or NYCPUS; and to any Aggregator that meets the requirements of this Rider.

Service is available under this Rider only in NYISO Zone J. This Rider is applicable to Customers and Aggregators who agree in writing to provide Load Relief in a Network during the hours required for such Network when the Company designates Planned Events during the Summer Period. Participants may also agree to provide Load Relief if an Emergency Event is called.

A Customer must contract to provide at least 10 kW of Load Relief if the average of the maximum monthly demands over the 12 months prior to enrollment was 250 kW or greater. Other Customers must contract to provide at least 1 kW of Load Relief. An Aggregator must contract to provide a total of at least 100 kW of Load Relief in one or more Networks. Each Summer during 2011 and 2012, participation under this Rider is limited to a total of 100 participants whose average maximum monthly demand over the 12 months prior to enrollment was 250 kW or greater plus 400 smaller users (i.e., participants whose average maximum monthly demand over the 12 months prior to enrollment was less than 250 kW). Applications will be accepted on a first come, first served basis.

If other requirements for service under this Rider are met, Electric Generating Equipment may be used to participate under this Rider subject to the provisions set forth in section C below. The participating Customer or Aggregator is responsible for determining that the operation of the generating equipment under this Rider will be in conformance with any governmental limitations on operation.
