

PSC NO: 9 GAS

LEAF: 316.3

COMPANY: CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

REVISION: 3

INITIAL EFFECTIVE DATE: 10/01/12

SUPERSEDING REVISION: 1

STAMPS: Issued in Compliance with Order in Case 09-G-0795 dated September 22, 2010

SERVICE CLASSIFICATION NO. 9 – Continued**TRANSPORTATION SERVICE - Continued****Miscellaneous Provisions – Continued****(D) Interruptions of Service and Reserve Requirements for Interruptible and Off-Peak Firm Customers-Continued**

For periods thereafter, the Customer may reapply for Interruptible or Off-Peak Firm service not less than 90 days prior to the proposed commencement date, except that the Customer may not request a commencement date that falls within the period from November 1 through March 31.

A Customer's failure to interrupt its use of gas due to inoperable dual-fuel facilities (excluding, for purposes of this paragraph, associated Customer-installed phone lines) counts as a violation towards the above-described two-violation rule with one exception for each Winter Period. On one occasion during each Winter Period, a Customer's failure to interrupt the use of gas due to documented inoperable dual-fuel facilities will not be counted as a violation provided that the Customer (i) notifies the Company within one hour of the failure of its equipment; (ii) repairs and makes operable its dual-fuel equipment within forty-eight (48) hours of the equipment's failure; and (iii) provides the Company with an affidavit or other sufficient documentation that it has repaired and made operable its dual-fuel equipment and immediately complies with the earlier of the ongoing interruption or a separate planned interruption. The Company will extend the one-time 48-hour repair deadline to a period not to exceed seven (7) days provided the Customer demonstrates to the Company's satisfaction that such extension was necessary due to the unavailability of a part and its installation during such 48-hour repair period. All three conditions must be satisfied for this exception to the two-violation rule to apply. During the 48-hour repair period, or, if applicable, the extended 7-day repair period, the Customer will be subject to applicable unauthorized use charges, an alternate fuel or energy non-compliance charge, minimum charges and imbalance charges as set forth in this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule (excluding the non-compliance charge set forth in (D) (3) above for inoperable dual-fuel facilities provided the Customer makes operable its dual fuel facilities within the applicable repair period).
