

PSC NO. 4 GAS LEAF: 118
ORANGE AND ROCKLAND UTILITIES, INC. REVISION: 9
INITIAL EFFECTIVE DATE: August 1, 2012 SUPERSEDING REVISION: 8
Issued in compliance with Commission order in Case 11-G-0543, dated 5/23/12

SERVICE CLASSIFICATION NO. 3**APPLICABLE TO USE OF SERVICE FOR:**

Industrial or Commercial Use in the entire territory, subject to interruption at any time at the Company's option on not less than four hours notice to the customer: (1) where the customer's premises are located adjacent to the Company's existing gas distribution mains having adequate capacity to supply customer's prospective requirements in addition to the requirements of other present or prospective gas customers taking firm gas service from such distribution mains; (2) where the customer is willing to take service on a fully interruptible basis; (3) where, to the extent applicable, the customer has facilities for using a fuel other than gas which can supply its entire requirements when the gas supply is interrupted; (4) where service hereunder is not used in any equipment which is supplied with gas service under any other Service Classification except as specified herein.

The Company reserves the right to designate the maximum quantity of gas that will be supplied hereunder.

CHARACTER OF SERVICE:

Interruptible (Dump) natural gas having a heating value of not less than 1,000 Btu per cubic foot, delivered at a pressure agreed upon by the customer and the Company but not in excess of the available pressure at the point of delivery as determined by the Company.

RATE - THREE PART - MONTHLY:

Customers shall be subject to the monthly rates and charges set forth below and shall also be subject to the charges set forth in Special Provision F of this Service Classification.

(1) Unit Charge

A rate per 100 cubic feet (Ccf) shall be established for each of the interruptible customer categories, at the Company's discretion, each month and shall be applied to all gas sold under each category of this Service Classification. The interruptible customer categories are based on the customer's alternate fuel type as follows:

Category A - No. 6 Oil, 2% sulfur content or higher
Category B - No. 6 Oil, less than 2% sulfur content
Category C - All Others

The rates shall be filed with the Commission and be available for public inspection at Company offices where applications for service may be made, at least three working days prior to the first day of the billing period for which the rates shall apply.
