SERVICE CLASSIFICATION NO. 10
Individual Service Agreements – Full Service

APPLICABLE TO THE USE OF SERVICE FOR:

Electric service under this tariff is for non-residential customers who would normally be served under Service Classification No. 4 and meet all of the criteria contained in this rider. Utilizing Individual Service Agreements signed under this tariff, MED proposes to provide incentives and thus promote the location of new business ventures within MED's service territory, as well as promote the expansion of current non-residential customers.

ELIGIBILITY:

Eligible customers for this service classification are customers who develop or construct new facilities, extensively refurbish an existing or retired facility or expand production at an existing facility and the new or added demand is at least 100 kW.

FINANCIAL ARRANGEMENTS –

Any service rendered under this service classification will be done so as to not raise the rates to other customers on the system and any discounts will be achieved from increased utilization of the existing hydroelectric allocation. Also, at the sole discretion of the MED, the MED may waive certain costs due to it, in whole or in part, or make other necessary financial arrangements with customers served under this Rider, so long as the MED believes that the revenue derived from the applicant will provide sufficient revenue over and above the incremental cost incurred by the MED.

CONTRACT TERM:

The term of any initial offering of an Individual Service Agreement ("ISA") shall be at least twelve months and shall be limited to a term of five years unless a longer term is approved by the New York State Public Service Commission. If a customer desires an ISA with a term in excess of five years and MED is willing to agree to this arrangement, MED will request authorization from the New York State Public Service Commission to enter into that arrangement. If the Commission grants MED the authority it requests on terms acceptable to them, MED will then enter into the agreement.

FILING REQUIREMENTS:

MED will file information concerning each Individual Service Agreement with the Public Service Commission within 30 days of executing the agreement. Quarterly, MED will file reports to the Public Service Commission detailing the number of Individual Service Agreements, capacity associated with the Individual Service Agreements and revenues collected from Individual Service Agreements. For all contracts entered under this service classification, MED will request trade secret protection so rates and terms are not available to the general public.
