**(C) Off-Peak Firm Transportation Rates for Customers also Served Under Service Classification No. 12  
Rate 2- Continued**

The Company may, in its sole discretion, reduce the rate(s) at the beginning of and/or during the month, on notice to the Customer given in accordance with the Company's Sales and Transportation Operating Procedures.

The Company, subject to the terms set forth in the Company's Operating Procedures, will consider a request from a Customer that has an estimated annual gas usage of 3,000,000 therms or greater to negotiate a rate other than the rates set forth above. Any such negotiated rate will be fixed for a term of no less than three consecutive calendar months, provided however that the Customer will continue to be subject to the full minimum charge as set forth in Rate Provision (F) of this Service Classification.

If service is interrupted to an Off-Peak Firm Customer in excess of 30 days (for reasons not resulting from emergencies threatening the integrity of the Company's system or causes beyond the Company's control or a Company authorized test of the Customer's dual-fuel or alternate energy facilities and associated phone lines and communications equipment), the Company shall, upon receiving a valid receipt from the Customer reflecting its purchase of an alternate fuel or alternate energy during the curtailment period, have the option of:

- (1) crediting the Customer's account with an amount equal to the product of:
  - (a) the number of therms of replacement fuel or the amount of alternative energy used by the Customer on those additional days; and
  - (b) the amount by which the valid price of replacement fuel or alternate energy exceeds the rates and charges in effect during the curtailment period, or
- (2) providing replacement fuel from the Company's fuel suppliers.
