

PSC NO: 10 – Electricity  
Consolidated Edison Company of New York, Inc.  
Initial Effective Date: 02/01/2013

Leaf: 385  
Revision: 2  
Superseding Revision: 1

## GENERAL RULES

### Application Forms – Continued

### Form G – Application for Net Metering or Standby Service and/or Buy-Back Service- Continued

#### Section 5. If you request Standby Service – Continued

#### D. If you use Efficient CHP

The requirements for Efficient CHP are described in Section 7 of this Addendum Application. If your premises will be supplied by Efficient CHP that is rated over 2 MW but no more than 20 MW and connected to the Company's high-tension distribution system, check below if:

- ☐ You request Standby Service for a single-low tension account pursuant to General Rule 20.2.1(B)(7) of the rate schedule.
- ☐ You request Standby Service for two or more of your accounts at your premises pursuant to General Rule 20.2.1(B)(8) of the rate schedule.

#### E. Contract Demand

Standby Service Contract Demand, unless you request service under General Rule 20.2.1(B)(8) of the rate schedule:

Contract Demand (Low Tension) \_\_\_\_\_ kW or (High Tension) \_\_\_\_\_ kW

If you request Standby Service under General Rule 20.2.1(B)(8), Standby Service Contract Demand for each account to be served under that General Rule:

<u>Account #</u>	<u>Service Address</u>	<u>Contract Demand kW</u>	<u>Low Tension or High Tension</u>
------------------	------------------------	---------------------------	------------------------------------

(Attach a sheet if you have additional accounts.)

If you either check off the box below or do not state your Contract Demand, Con Edison will determine your contract demand.

☐ Con Edison should determine my Contract Demand.
