

PSC NO: 15 ELECTRICITY

LEAF: 163.5.6

COMPANY: CENTRAL HUDSON GAS & ELECTRIC CORPORATION

REVISION: 3

INITIAL EFFECTIVE DATE: 02/01/13

SUPERSEDING REVISION: 2

Issued in Compliance with Notice Establishing Filing Requirements dated September 7, 2012

37. REMOTE NET METERING

Applicability:

A Customer that owns or operates non-residential photovoltaic generating equipment, farm waste electric generating equipment, farm micro-hydroelectric generating equipment or non-residential micro-hydroelectric generating equipment, as defined in Public Service Law Section 66-j, or farm or non-residential wind electric generating equipment, as defined in Public Service Law Section 66-l, that is net metered pursuant to the applicable special provisions of Service Classification Nos. 1, 2, 3, 6 or 13 is eligible for remote net metering.

Customer Requirements and Eligibility:

The customer must apply for remote net metering by providing the Company with an executed Application for Remote Net Metering, as set forth below. After the initial application for remote net metering, the customer may designate additional Satellite Accounts or delete existing active Satellite Accounts from the remote net metering arrangement once per year, on January 1.

The customer must designate the customer meter where the net metering eligible resource is located ("Host Account") and the customer accounts where the customer would like to apply net metering credits ("Satellite Accounts") from the Host Account. The customer may designate all or a portion of net metering credits generated by the Host Account to be applied to Satellite Accounts. Satellite Accounts may not also be net metered.

Accounts must be held by the same customer, on property owned or leased by the customer, within the same load zone as determined by the New York Independent System Operator's locational based margin price as of the date of the initial request by the customer to conduct net metering. The Company reserves the right to investigate and/or obtain proof that all accounts are held by the customer.
