

PSC No: 1 – Water  
UNITED WATER NEW ROCHELLE INC.  
Initial Effective Date: **December 22, 2009**

Leaf No. 21  
Revision: **1**  
Superseding Revision: **0**

### **GENERAL INFORMATION**

- (f) Meter will be maintained by the Company at its expense insofar as ordinary wear is concerned, but damage due to hot water, freezing, or other external causes arising out of or caused by the Customer's negligence or carelessness shall be paid for by the Customer.
- (g) The Customer shall promptly notify the Company of any defect in or damage to the meter or its connection.

### **15. MULTIPLE METERS:**

- (a) When a premise is supplied by a battery of meters the registration of such meters shall be combined and the minimum charge for the largest sized meter only shall be applied.
- (b) Where a premise is supplied through more than one service at the request of the Customer, then each meter shall be treated separately, the registration shall not be combined, and the proper minimum charge applied to each meter.

### **16. METER TESTS:**

The Company tests meters periodically in accordance with the current rules of the Public Service Commission. In the case of a disputed account involving the accuracy of a meter, such meter will be tested by the Company upon the request of the Customer. There will be no charge for testing of the meter. However, all subsequent meter tests performed within one year of the free meter test **will be subject to the charge stipulated in service classification No.5 of this tariff.**

In the event that the meter is found to over-register in excess of 4% at any flow within the normal test flow limits, the fee advance for testing will be refunded to the Customer, otherwise, it will be retained by the Company. Adjustments in bills for over-registration of the meter will be made in accordance with the current rules of the Public Service Commission.

#### **16.1 METER READING AND ESTIMATED BILLS - RESIDENTIAL ACCOUNTS**

The Company's authorized agents or employees shall, at all reasonable times have access to its equipment on the Customer's premises for reading, inspecting, testing, repairing or removing its equipment.

An attempt to obtain a reading from either the meter or from a remote registration device requires that a meter reader follow routing reading procedures.
