Service Classification No. 13  
Temperature-Controlled Transportation Service (continued)  
(Rate Codes: 730, 731, 732)

Special Provisions (continued):

- a. Warranty of Title: Seller warrants that, at the time of delivery of gas to the Company, Seller or Customer will have good title to deliver all gas volumes available.
9. Fuel Use and Loss Allowances:
  - a. Charges for gas are applicable to quantities metered at the customer's metered facilities.
  - b. As an allowance for fuel use and losses incurred in the process of delivery between the City Gate and the customer's metered facilities, the Customer shall deliver to the Company's City Gate a quantity of gas grossed up for UFG.
10. Reassignment of Gas: A Customer that takes service under this Service Classification must take delivery of the gas at its facilities and may not remeter (or submeter), resell, assign, or otherwise dispose of the customer-owned gas to others for delivery at other facilities on the company's system.
11. Except as specified above, or in the Customer's Service Agreement, all provisions of the sales Service Classification that would otherwise apply to services to the Customer are specifically incorporated herein and shall apply to the transportation services provided hereunder.
12. When it is available, the Company shall offer Customers a monthly balancing service option in which the Company shall determine the Customer's DDQ and the Customer shall be obligated to deliver this amount each day during the month to the Company's City Gate unless otherwise notified by the Company. Customers who elect to take this monthly balancing service option shall pay rates and charges set forth on the Statement of Seller Charges and Adjustments and shall adhere to the swing, city gate balancing, cash out and operations and communications provisions described on Leaf Nos. 157 through 159.

Customer Failure

During each winter season, a customer that does not interrupt gas service when required to do so, for any two occurrences (consecutive or non-consecutive), will be notified that they have violated the service requirements of the interruptible tariff. A winter season is defined as October through March. Effective with the next billing period, customers with two violations will be transferred to the equivalent firm service classification unless the Company has been notified in writing that the customer has chosen to terminate gas service. Customers transferred from interruptible to firm service are required to remain on firm service for the remainder of that winter season through the end of the next winter season. After that time a customer becomes eligible to re-apply for interruptible service.
