As directed in the Commission's Order, dated June 19, 2009, in Case 09-M-0311, the TSAS for each 12-month period commencing July will be designed to collect any Section 18-a assessment for the State fiscal year that commenced April of that year above the amount reflected in base rates, plus uncollectible expenses based on the amount reflected in base rates and working capital costs at the Company's pre-tax rate of return. To the extent the amount of the surcharge decreases in any year due to a fluctuation in annual intrastate gross operating revenues, the Company will maintain the prior year's surcharge to improve its cash flow position without increasing customers' bills.
